Simply Child Care

Simply Childcare is a service specializing in career nannies in Casa De Campo Dominican Republic, who are also trained and qualified in an additional profession to childcare. We only place Nannies that we would hire for our own villa. Via ZOOM or SKYPE, our introduction process makes it easy for you to meet and hire a candidate that's right for you.

- Basic Childcare – oversight and discipline
- Date Night? We have nannies that will get your kids ready for bed and care for them while you enjoy your date or friends' night out on the town
- Education Childcare – everything you expect from a nanny + help with day schooling and homework (English and or Spanish), it may be difficult for us to find a bi-lingual nanny, so please be specific to your needs
- Infant/Toddler nurses – oversight by a healthcare professional; it may be difficult for us to find a bi-lingual nurse so please be specific to your needs
- Access to Medical Care
