A. Marx

We had an amazing time at Casa de Campo in the Dominican Republic. Villa Batey 22 was fantastic, and Simply Dominican took care of everything from transportation to groceries. The highlight was the delicious wood-fired pizza made by Miguel. Highly recommend!

Jennifer R.

Beautiful house with great location. Close to beach club, hotel and restaurants. The Staff was wonderful, very helpful and friendly. It was an amazing experience and we will definitely be back!

Justin D.

The Simply Dominican team was incredibly helpful throughout. They answered all our questions, provided recommendations, and promptly addressed any issues. The villa and staff offered exceptional hospitality, making our trip smooth. Looking forward to using them again in the future!

- Spa services
- Equipment rental

Staff & Services

Simply Child Care

Simply Baby

The founders of SIMPLY DOMINICAN are global travelers. For years, they ran into staying at vacation rentals and hotels that did not cater to children under ten, and that's why they created SIMPLY BABY, a service that allows parents to have what they need for their little ones.

- Cribs & Bedding
- Beach Gear
- Groceries
- Nanny Services
- Car Seats
- Emergency Services

Simply Child Care

Simply Childcare is a service specializing in career nannies in Casa De Campo Dominican Republic, who are also trained and qualified in an additional profession to childcare. We only place Nannies that we would hire for our own villa. Via ZOOM or SKYPE, our introduction process makes it easy for you to meet and hire a candidate that's right for you.

- Basic Childcare – oversight and discipline
- Date Night? We have nannies that will get your kids ready for bed and care for them while you enjoy your date or friends' night out on the town

- Education Childcare – everything you expect from a nanny + help with day schooling and homework (English and or Spanish), it may be difficult for us to find a bi-lingual nanny, so please be specific to your needs

- Infant/Toddler nurses – oversight by a healthcare professional; it may be difficult for us to find a bi-lingual nurse so please be specific to your needs

- Access to Medical Care

Plan Ahead

It's best to book your villa 6-12 months in advance, especially during peak seasons like winter. This ensures you get the property that suits your needs without last-minute hassles.

Choose the Right Location

Look for prime locations such as Punta Cana or Casa de Campo, which offer breathtaking views and private pools.

Check Reviews

Reviews can provide valuable insights into the villa's quality and the owner's reliability.

Consider Your Needs

Make sure the villa fits your needs and budget. Consider factors like the number of bedrooms, amenities, and whether it's child-friendly if you're traveling with family.

Understand the Rates

Rates are usually for the entire villa, but some larger villas offer lower rates for fewer bedrooms. Make sure to clarify this before booking.

Ask About Additional Services

Consider what additional services you might need, such as airport transfers, car rentals, or a private chef, and check if the villa offers these.

How To Book a Villa

Booking a villa can be an exciting experience! Here are some tips to help you make the best choice:
